THE OHSLA WILL USE THE OSAA GUIDELINES AND THE CURRENT NFHS RULE BOOK with the exception of/or emphasizing the following:

Please download a copy of the OSAA handbook at <http://www.osaa.org/publications/> if you do not have a copy or have misplaced it. (You must have the final / to access this page.) The NFHS Rule Book can be ordered through US Lacrosse or purchased at Bigfoot Lacrosse.

1. COACHES CERTIFICATION

- A. OSAA rule 1.2 regarding Certification of coaches. Please read the rule in the OSAA handbook. All OHSLA Head Coaches (Varsity, JV, JVII, etc.) shall be certified through the *NFHS Coach Education Program – “Fundamentals of Coaching”* by achieving a passing score on the certification test prior to assuming duties. EXCEPTION: Any emergency exception must be authorized in writing by the OHSLA. Contact your AD - some require all coaches (part time, volunteers, etc.) to have certification. The minimum NFHS requirement for the OHSLA is as follows: A certified coach must be present at all times when a non-certified coach is working with students, and ALL Head Coaches (Varsity, JV, JVII, etc.) must be NFHS Certified. Coaches who have received ASEP certification in prior years will be grandfathered as meeting this requirement. Your AD may have more stringent requirements, which must be followed. The NFHS class can be taken on line. You can find information at: <http://www.nfhslearn.com>. The name of the course is *Fundamentals of Coaching*. Please enter OSAA as the association. There is a charge for this class. This is a one-time class. Once a coach is certified he never has to take the course again.
- B. In addition, coaches must take an on line Concussion Management Class. This is required annually. Courses include the ACTive Concussion Management Course: <http://activecoach.orcasinc.com/> or the NFHS Concussion Management Course: <http://www.nfhslearn.com/electiveDetail.aspx?courseID=15000> . The NFHS course is the preferred course.
- C. Finally, coaches must be certified by taking the Online Steroid Training and Assessment Class. This is required once every four years. This class can be found at: <http://www.ode.state.or.us/search/page/?=2571>
- D. Please send Joanne notification that you have completed these courses and she will verify completion and put you on the certified coaches list. Failure

to complete these classes by the first practice date means that you cannot meet or work with your team.

- E. Failure to have Certified Head Coaches will result in forfeiture of games, and could also result in a fine.
- F. The OHSLA strongly recommends all coaches take the available PCA (Positive Coaching Alliance) course.
- G. All coaches and assistants must pass background checks and be fingerprinted if required by your school district.

## 2. LIABILITY INSURANCE

- A. All OHSLA teams must have Liability Insurance for a minimum of \$1,000,000 per incident. There is no specific aggregate amount required. Each team must send the OHSLA a copy of their insurance certificate, either by scanning and emailing it or by regular US mail. These certificates should be emailed to Joanne. If sent via USPS send to the following address:

OHSLA  
c/o Dale Waagmeester, Commissioner  
1665 NW Jenne Avenue  
Portland, Oregon 97229

- B. You can get good coverage at excellent rates through SODA.

## 3. ELIGIBILITY

- A. The OHSLA follows OSAA guidelines for eligibility regarding which school a student athlete may play for. There are no more players “grandfathered” in. See OSAA rule 8, particularly 8.5.1. As with OSAA, the Executive Committee discusses special exceptions on a case-by-case basis.
- B. Eligibility exception waivers are granted on an annual basis and must be renewed each year for any and all players not meeting OSAA eligibility requirements. In other words, once you receive an exception it must be renewed each season.
- C. When a private school desires to join the OHSLA, or when a team that previously participated in a co-op breaks off to start their own program, the following criteria will be applied to players affected by the new team’s entrance into the league:
  - 1. If the new team is starting at the Varsity level, seniors will have a one-time opportunity to decide to play for either their existing team OR to play for the school that they attend which is starting the new team. By February 1 of the lacrosse season, seniors shall declare their decision in writing, to the coach of the team that they intend to play for. This declaration is binding and irrevocable.

Rationale: This option allows a senior to finish out his career with the team at which he started his OHSLA career, or play for the new team at the school in which he is enrolled.

2. If the new team is starting at the JV level, seniors may choose to play for their existing team OR to play for the school that they attend which is starting the new team. By February 1 of the lacrosse season, seniors shall declare their decision in writing, to the coach of the team that they intend to play for.

Rationale: This option takes into consideration that seniors playing for a junior varsity program may be ineligible to play against some other JV programs which prohibit participation against teams that have seniors playing on them.

3. Underclassmen (Freshmen, Sophomores, and Juniors) shall play for the new team at the school in which they are enrolled regardless of whether the program is JV or Varsity. The OHSLA Board discussed also allowing Underclassmen the option of remaining at the school program for which they played the previous year. However, in the interest of encouraging the formation of strong lacrosse programs at the new member schools, the Board decided not to allow Underclassmen the option of continuing to play at the school at which they played during the prior season.

4. In the event of an Underclassman having played at the Varsity level for a school in the previous season, whose school newly introduces lacrosse at only the JV level, the Underclassman may appeal to the OHSLA Board in the event of hardship. An example of a hardship exception the Board MAY grant is:

a. An underclassman has established himself as a legitimate varsity player (e.g. All-League honors, starting Varsity player, etc.) at the previous school team for which he played. The Board will not consider hardship requests for underclassmen who have only played at the JV level.

b. When a Varsity underclassman receives a hardship waiver from the OHSLA Board that allows him to stay at his current team rather than play for his school of enrollment which is starting a new JV program, that player must play for his school of enrollment when that program goes Varsity.

#### D. Co-ops

1. Co-ops will be renewed yearly so that the OHSLA Board of Directors can monitor the development of the new school. This differs from OSAA policy where co-ops are renewed every two years.

2. Co-ops are not a way to get around OSAA rule 8.5.1.

3. Co-op forms can be found on the OHSLA website in the Forms and Information page.

4. GAMES/OPPONENTS

A. OHSLA teams shall only play against other teams that are registered with the OHSLA unless a waiver is granted by the league Commissioner.

1. To receive a waiver to play a non-OHSLA team, approval must be granted in writing via email. Waiver forms are available on the OHSLA website on the *Forms and Information* page.

5. NUMBER OF CONTESTS

A. Each Team (Varsity, JV, Freshmen) is allowed 20 contests beginning on the first play date allowed by the OSAA. Two of these 20 contests must be played out of state using non-OLOA officials (please see SOP Rule 4 regarding game play with non-OHSLA teams). The maximum game limit for in state games is 18.

B. These games are not inclusive of playoff games.

C. There will be no games played before the OSAA/OHSLA first contest date.

D. Jamborees will count as 1 contest.

E. Tournament play – Each day of playing counts as one contest unless they are regulation timed games. Then each tournament game counts as 1 contest.

F. Teams who are not involved with OHSLA Playoff games shall not play between the OHSLA last game date and the end of the State Playoffs.

6. RULES

2. ALL PENALTIES begin on the restart of play, regardless of type of game time used.

  - 1. It is recommended that each team have at least one assigned crowd monitor (preferably two) who will make sure that the crowd maintains proper lacrosse etiquette. should instruct their players to avoid anything that can be construed as a high hit or they may face immediate ejection and subsequent suspension.

### 23. CONCUSSIONS AND CONCUSSION MANAGEMENT

- A. This further expands on the new NFHS rule 4-28-7 which states:  
Any player that exhibits signs of a concussion:
- 1) Shall be immediately removed from the game
  - 2) Shall not return to play until cleared by an appropriate health care professional
- B. Oregon State law 336.485.3a states:

An ejected player is required to sit out the remainder of the contest, but may remain on the bench. Should an ejected player participate or an ejected coach remain within "sight and sound" of the team during the period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Board.
- B. Ejections will result in fines to the team, following the guidelines of OSAA rule 21A-Ejection Policies-Fines. When the first participant or coach is ejected, the team that the participant or coach is representing shall be assessed a \$50 fine by the OHSLA Board. A second ejection in the same season shall result in the assessment of a \$100 fine, and each ejection thereafter within that season shall result in a fine to be increased by \$50 increments for each ejection without limitation.

- A. All OHSLA teams must adhere to the OSAA RULE of 2!
- B. The rule applies to all coaches and volunteers during the academic year until spring sports begin.
- C. Please read this rule carefully and abide by it (OSAA 2011-2012 Handbook, Rule 57C, page 73). Simply stated, the Rule of 2 states that outside of a sport's specific season and *during the Association year* (see OSAA handbook; rule 6.8.1, 6.8.4, 6.8.5, and 6.8.6) a team's entire coaching staff can only work with two players per day. The entire coaching staff is treated as one coach. In other words, one coach cannot work with two players during a day, while another coach works with two different players. Two players for two hours per program per day—period.
- D. Conditioning (Rule 57 F): Conditioning is allowed where students work on physical fitness by use of weights, running, and/or exercises. Conditioning does not allow for the use of individualized and specific sports equipment or apparatus, i.e. lacrosse sticks, balls, helmets, gloves, goals, etc. Participation in conditioning activities must be OPTIONAL.

- E. Open Facilities (Rule 57 E): Players can participate in open facility activities (pickup games and drills) as long as these activities are optional and are available to ALL students, not just those on the lacrosse team. Coaches cannot be involved and no instruction can occur as per Rule 57, Q&A #17.
- F. For insurance and safety reasons, many schools require adult supervision during Open Facility activities. For OHSLA purposes. ADULTS CAN BE PRESENT AT OFF SEASON AND OPEN FACILITY ACTIVITIES IN A SILENT AND SUPERVISORY POSITION ONLY, other than as the Rule of 2 applies.
- G. “Winter/Fall Coaches” are not allowed in the OHSLA.
  - 1. Winter/Fall Coaches are defined as coaches, either paid, volunteer, or parent, who are not associated with the team as an official coach during the regular lacrosse season, but run practices or help at Open Facility activities during the off season.
  - 2. This differs from OSAA procedure, since the OSAA has the infrastructure at each school (principals, AD’s) to monitor such activities.
  - 3. Out of season teams, such as the various “pay to play” organizations and teams organized by non-team personnel are permitted. They can, however have NO CONNECTION OR INPUT FROM THE REGULAR SCHOOL TEAM COACHING STAFF, NOR CAN THEY BE COACHED OR ORGANIZED BY ANY OF THE STAFF FROM THE SCHOOL TEAM. If you have any plans to start such a team you should check with the OHSLA Commissioner to make sure that no rules are broken.
- H. See new Rule Clarification 57 #24 regarding use of players as demonstrators for a clinic or camp.

31. CONFERENCE PLAYOFFS--OPTIONAL; TO BE USED FOR CONFERENCE SEEDING

- A. Each Conference should notify the OHSLA of their seeding and tie breaking system for State playoffs BEFORE the start of the regular season. This system can be based on Conference game results or it can be decided in a playoff format. If no format is in place before the season starts, the format in Part G of this rule will be followed.

- D. Admission charges (\$5 and \$3) MUST be charged to ALL spectators, not just those of the visiting school.
  1. The gate total shall be split 50/50 with the OHSLA and host school after approved host expenses are subtracted from the gate total.
  2. A copy of the gate accounting shall be included with payment and sent to the OHSLA Treasurer.
  3. If charging admission is a problem for any program, special arrangements must be made with the OHSLA prior to the game taking place.
